Subject: Microsoft settlement

Dear Sir

It is my opinion that much too much time, money, and resources are being spent pursuing a company that has every right to conduct its business as it sees fit. The robust economy we have had for the last ten years is a direct result of this company, a company some anti-capitalists would like to see destroyed to feed their socialist egos. Business is what made this country of mine great, and ruining business is what will destroy it. I urge you to dismiss the suit against this great company and use my money, time, and resources on cases worthy of prosecution.

Sincerely,

Ronald Vandenboom
